

## Get Started Guide

Welcome to BVIRAL! You now have access to our industry-leading library of **90,000+ viral videos**. Our mission is to help you maintain consistency and maximize your growth through our library of authentic content.

To ensure your success and legal protection, please review these essential guidelines for navigating and using the library.

### 1. Important: Post on Whitelisted Pages Only

Your license is strictly tied to the specific social media channels you registered during checkout. These channels are **whitelisted** in our system to indicate that you have permission to share our content here.

- **Stay Protected:** You are fully cleared to post BVIRAL content on your whitelisted channels. Posting BVIRAL content to non-whitelisted channels will result in copyright strikes.
- **Adding New Channels:** If you launch a new page or wish to add more channels to your subscription, please contact us at [sales@bviral.com](mailto:sales@bviral.com).

### 2. Accessing & Navigating the Library

You can access the BVIRAL Content Library through your BVIRAL dashboard at the following link:

<https://subscriptions.bviral.com/signin>

#### Search Capabilities

- **Traditional Search:** Use the search bar to input specific keywords and tags, such as "fails," "pranks," or "animals".
- **AI Smart Search:** Optimize your search by selecting "**Enable AI**" in the search bar.
- **Advanced Filtering:** Use the **Funnel Icon** in the upper right corner to refine results by file type, upload date, video duration, and more.

#### Discovery Tips

- **Folder Categories:** On the left sidebar, click the arrow next to the "**Licensed Content**" folder to browse by category (e.g., Comedy, Weather, DIY) .
- **Social Media Discovery:** You can visually scroll through content on **BVIRAL's Instagram or YouTube** channels. When you find a clip you like, copy the **@handle** of the video owner from the caption of the video and search for that handle directly in Canto.
  - Pro Tip: Turn off AI Smart Search when searching for a specific social handle for the best results.

### 3. Viewing & Downloading Content

To ensure long-term success, it is **essential** that every video you use is downloaded properly from BVIRAL's content library, **Canto**.

#### Why Download from Canto?

- **Quality:** Ensures you receive the highest resolution version available.
- **Record Keeping:** Provides a record of your usage for proper internal tracking.
- **Safety Notifications:** Allows us to notify you immediately if there are any updates to a clip you have downloaded.

#### How to Download

- **Single Clips:** Hover over a video to watch a brief preview. Click the thumbnail to see metadata like location and film date, then click the **Download Icon**.
- **Multiple Clips:** Click the **circle** in the corner of multiple thumbnails to select them, then hit the download button in the top toolbar to export them all at once.
- **Collections:** Organize future content by selecting videos and clicking the **Heart Icon** in the toolbar to save them to a "Collection". You can access these organized folders on your left sidebar.

### 4. Content Usage & Restrictions

- **Editing & Compilations:** You are encouraged to edit our clips to comply with originality guidelines. You may add overlays, include your logo, add original voiceovers, or feature our clips in larger compilation videos.
- **Adding Music:** You may add music to your edits, provided the music is royalty-free or music you have the legal

permission to use.

- **Monetization:** You are cleared for organic monetization on your whitelisted page(s).
- **Paid Ads & Boosting:** Your subscription **does not** cover paid advertising or "boosted" posts. If you are interested in using BVIRAL content for paid ads, please contact **sales@bviral.com** for a quote.

## 5. Support & Feedback

Navigating a library of over 90,000 clips can seem overwhelming at first, but it becomes easier as you familiarize yourself with the tools.

If you need help finding specific categories or have any technical issues, please reach out to our team at sales@bviral.com. We are here to help.

Happy Posting!
